Open the folded triangle

Do this to all the corners

Almost ready to go!
Now get your left thumb under the #4 outside flap. Your right thumb under #1 outside flap. Your left index finger under #3 outside flap. And your right index finger under the #2 outside flap.

There! All done! Simply touch your thumbs together while touching together your index fingers to open the fortune teller one way. Touch your left index to your left thumb and touch your right index finger to your right thumb to open it in another way.
