

Mes amis et leurs différences

Instructions for the Teacher

- 1) Provide some background knowledge on adjectives, sentence building, and comparison.
- 2) Watch “Mes amis et leurs différences” video together as a class.
https://youtu.be/90PssxD_yL0
- 3) After watching it once, pass out “Mes Amis Handout”. Instruct the students to write notes about the characters on the worksheet while the video plays again. There is a space provided under each character for notes to be taken underneath during the video.
- 4) After watching the video again, ensure all students have written down some notes for each character. Have the students fill out statements comparing each friend. The worksheet contains an example sentence and 4 spaces for the students to write 4 sentences.
- 5) When students finish, have them work with a partner to fix their mistakes. Students could switch worksheets and fix mistakes using a different colour pen or use highlighters.
